WASHCUBES:

Washcube 400	Washcube with 4 gallon capacity - foot pump
Washcube 400H	Washcube with 4 gallon capacity - Hose Hook up

ACCESSORIES:

Wheel Kit 400-W	Allows for the unit to easily be pushed to a drain and fill location. Ideal for factory floor situations. Heavy duty locking casters.
Paper Towel Dispenser - PTD400	C-Fold/Multifold Paper Towel Dispenser - Holds 400 C-Folds or 525 Multifold Tissues - Stainless Side Mount Towel Holder.
Soap Dispenser Automatic SDA400	Clea Foam Dispensers distribute the right amount of product, reducing the amount of product consumed per use, the time spent replacing the product, and ensuring that product doesn't end up on floors, sinks, and counters where they can cause other hazards such as slips and falls. Inquire for soap fill product.
Visual Signage - VS400	Large signage indicators making the hand wash stations easy to find.
Hose Kit - HK400	Convert your WashCube 400 to a pressure system.
Hot Water Heater - HWH400	Easily add warm water to your unit - requires 110V power source.
